Principal of Dar FACE Consultant Engineers

1 - Academic stage :

1 - Trained by an American Construction Company in Wyoming State USA
2 - Trained at Summer Seasons with Kuwait Prefabricated Building Company in Supervising Houses with prefabrication system in Rumaithia Neighbourhood in Kuwait state which were the first houses to be executed with prefabricated walls

2 - Professional Stage:

1977- 1979 - After graduation on 1977 I joined the same company (Kuwait Prefabricated Building Co.) in Design Management and for Some period in the Factory for production of prefabrication walls and worked on site parallel with the design of the Company Projects which were mostly Governmental Projects and Schools

- In this period I was considered the first Kuwaiti Architect to join the Profession as an Architectural Engineer and the first Kuwait engineer to Supervise Construction Projects on site.

1981 - 1986 – I Joined the National Housing Authority (NHA) which is now called the Public Authority for Housing Welfare (PAHW) in the Design and review of many Governmental Housing, Mosques, and School Projects where the most important of them were Sawaber Schools and Mosque and Club which were with special Architectural features at that time.

- I Was Assigned for Training in Public Authority for Applied Education and Training (PAAET) for one year. At that time the Ministry of Public Works was responsible for Design and Construction Supervision. During my assignment I have participated in forming a complete and independent Engineering Department performing all Design and Supervision works up to this date.

1986 - 1998 - I was assigned in National Bank of Kuwait (NBK) in the capacity of Engineering Manager and Bank Consultant, where I have participated in the Construction of the recent Bank Head Quarter and the construction of many Bank Branches

1998 -Todate -I resigned from (NBK) and founded a consultancy office Futooh Al - Asfoor Consultant Engineering (FACE) where it was grown up and developed to become Dar FACE Consultant Engineers. the most important projects designed and Supervised by FACE are:

- . Al - Jowhara Tower Project - Kuwait City Commercial and Offices Tower with 32 floors and ground remarkable Landscape with water features
- . Al -Buraq Complex - Hawally Commercial and offices Tower with the 20 floor high Hotel.
