- The group were commercial entities considered among the first knowledge management companies in the Middle East, due to expanding planes is in laudation process to reestablish in more marketable places. Asia, and Africa where I exerted strenuous effort to develop and Use of knowledge economy mechanisms, related theories and tangible and intangible assets within the framework of the prevailing systems in the relevant countries. To this effect, I managed to update these mechanisms, via research and creative methods, to be consistent with the dominant laws and systems thereon. In this connection, I developed many legal feasibility studies of all Companies and its projects such as:-
- **iCOL Global Holding BSC.** And its subsidiary company iCOL Plus concerned with telecommunications and added value services ICT. And the establishments of its related Branches in the Kingdom of Bahrain, United Arab Emirates and Kingdom of Saudi Arabia.
- Developed all Business Legal studies to all projects such as project Consulta21, this project provide through a public information system which diverse communication technologies as well as the IVR system. by providing information and consultations in the legal field , as well as psychological, social, emotional spheres together with neurological programming, autism, women, beauty, astrology and religion topics, under the supervision of the best competent professors and the auspices of significant global and regional organizations such as The Arab Lawyers Federation, The Arab Council for Fair Trials and others, and such the world awarded project called iTrack21 www.iTrack21.com.
- **MQ Fashion Global Holding** and its subsidiary MQ collection, which concern in developing its own regional culture wear collections for women and children, and devolved its franchise system around the world“ www.mqfashion.com”
- **Global Tourism Club**, its projects, and the applied Agency system around the world “ www.gtc.travel, www.gtc360.com”
- **PayWay Global**, Which concern in developing and provide its on payment systems around the world and its projects “ www.paywayglobal.com, www.clearnocash.com ”
- Laws of internet and its responsibilities in Arabic un Published

- Developed a study to review and modify the concepts related to preferring foreign labor over locals UN Published.
- Developed a study that establish of professional institute Aims to train Newly Law graduates such as lawyers and Judges on judicatory – UN Published.
- Due to economic difficulties which prevailed Bahrain from 1994 till 1998 (which had a great impact on many Corporations and companies), developed a special program for crises management for Businesses and foundations. During that period we helped many companies overcome their problems and put them on the business track again. They were able to pay their dues to banks and above all were spared from bankruptcy or even imprisonment.
